Overview

The Toshizo Watanabe Endowed Scholarship Fund provides financial assistance to undergraduates/graduate students for a semester or year-long study abroad program in either the United States or Japan. A generous endowment gift of \$10 million from Mr. Toshizo (Tom) Watanabe to the U.S.-Japan Council makes it possible to award scholarships to students for whom study abroad would not be possible without financial support.

The scholarship will support up to the full cost of attendance to the study abroad program of the applicant's choice. The scholarship program grants awards to recipients in amounts determined by financial need and other qualifications. 2020 marks the third year to support American students studying abroad in Japan, and the fifth year for Japanese students studying abroad in the United States.
